Re: No Effect

Dear Mr. Yaghoobi:

Thank you for contacting the Washington State Department of Archaeology and Historic Preservation (DAHP) and providing us a copy of the cultural resources survey report by Historical Research Associates for the Jovita Realignment Project. We agree with their professional recommendations and that the project should have no effect on cultural resources. This project has been reviewed on behalf of the State Historic Preservation Officer under provisions of Governor's Executive Order 05-05.

If additional information on the project becomes available, or if any archaeological resources are uncovered during construction, please halt work in the area of discovery and contact the appropriate Native American Tribes and DAHP for further consultation. Thank you for the opportunity to review and comment, and your commitment to protecting Washington's cultural heritage. Should you have any questions, please contact me.

Sincerely,

Lance Wollwage, Ph.D.
