SURFACE WATER COMPLIANCE APPLICATION

** The City of Edgewood has adopted a revised version of the 2005 Washington State Department of Ecology Stormwater Management Manual for Western Washington (SMMWW) with local amendments per Edgewood Municipal Code (EMC) Title 13.05. All development within the City of Edgewood shall comply with the requirements of the City's surface water ordinance. A completed surface water compliance application shall be submitted prior to or as a part of permit applications for projects requiring surface water compliance within the City of Edgewood. If surface water plans have been approved prior to submitting for projects requiring compliance, copies of the approved design must accompany those applications.*
