

**2022 FINAL
BUDGET**

THE CITY OF EDGEWOOD ACCOUNTING INFORMATION

The City of Edgewood was incorporated on February 28, 1996, and operates under the laws of the state of Washington applicable to a code city. The City is a general purpose government and provides law enforcement, emergency management, community planning, economic development, street, sewer and surface water maintenance and improvements, parks, and general administrative services. Many services are provided through contract or interlocal agency agreements. Since incorporation, the City has received Public Works, Court, Jail, Emergency Management, and Law Enforcement services from Pierce County. The City supplements these services through various long-term private contracts generally bid every three years. East Pierce Fire & Rescue provides Fire Suppression, Education and Inspection as well as Emergency Medical Services. The City is a member of Pierce County Metro services providing animal control through the Sumner Police Department on a membership consortium basis. The City manages its solid waste management plan through an interlocal agreement with Pierce County in which Murrey Waste Management is identified as the local service provider.

Summary of Significant Accounting Policies

The City of Edgewood reports financial activity in accordance with the *Cash Basis Budgeting, Accounting and Reporting System (BARS)* Manual prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

- Financial transactions are recognized on a cash basis of accounting as described below.
- Component units are required to be disclosed, but are not included in the financial statements.
- Government-wide statements, as defined in GAAP, are not presented.
- All funds are presented, rather than a focus on major funds.
- The *Schedule of Liabilities* is required to be presented with the financial statements as supplementary information disclosed in these financial statement notes.
- Supplementary information required by GAAP is not presented.
- Ending balances may be presented differently than the classifications defined in GAAP.

A. Fund Accounting

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. Each fund is accounted for with a separate set of single-entry accounts that comprises its cash, investments, revenues and expenditures, as appropriate. The City's resources are allocated to and accounted for in individual funds depending on their intended purpose. Two managerial funds, 005 Strategic Reserves and 006 Assignments are listed separately in the adoption of the budget. For 2021, the 005 Strategic Reserve fund is listed separately for financial presentation as committed and the 006 Assignment fund as assigned in the General Fund (Fund 001).

The following are the fund types used by the City:

GOVERNMENTAL FUND TYPES:

General (Current Expense) Funds

This fund is the primary operating fund of the City. It accounts for all financial resources except those required by law or elected to be accounted for in another fund. The City utilizes a General Fund Management fund which represents the committed by local government action (requires specific council action to expend) and as such is rolled into the General Fund Balance as the committed portion of the General Fund for reporting purposes. The City also uses a management fund for assignments which is also rolled into the General Fund Balance as the assigned portion of the General Fund.

Special Revenue Funds

These funds account for specific revenue sources that are restricted or committed to expenditures for specified purposes of the City.

Debt Service Funds

These funds account for the financial resources that are restricted, committed, or assigned to expenditures for principal, interest and related costs on general long-term debt.

Capital Projects Funds

These funds account for financial resources which are restricted, committed, or assigned for the acquisition or construction of capital facilities or other capital assets.

PROPRIETARY FUND TYPES:

Enterprise Funds

These funds account for operations that provide goods or services to the general public and are supported primarily through user charges.

Internal Service Funds

These funds account for operations that provide goods or services to other departments or funds of the City on a cost reimbursement basis.

FIDUCIARY FUND TYPES:

Fiduciary funds account for assets held by the government in a trustee capacity or as an agent on behalf of others. In 2021, the City continues to account for assigned funds for pass through State and Local revenue collections and funds held on behalf of others as surety or deposits in Funds 641 (Deposits) \$345,778.13 and 650 (Agency) \$1,351.83.

A. Basis of Accounting and Measurement Focus

Financial statements are prepared using the cash basis of accounting and measurement focus directed under the Washington State Budget, Accounting, and Reporting System (BARS) for Cities. Revenues are recognized when cash is received and expenditures are recognized when paid, including those properly chargeable against the report year(s) budget appropriations as required by state law.

All restricted revenues are booked directly to the appropriate fund (street, surface water, etc.).

In accordance with state law the City also recognizes expenditures paid twenty days after the close of the fiscal year for claims incurred during the previous period. These expenditures are classified as thirteenth period expenditures and so designated in the financial statements. The City generally accomplishes this with two period 13 claims account distributions in January, which are identified in the City Council Packet as such.

Citywide (not fund specific) expenditures for labor, benefits, goods and services are initially charged to Central Services, a segregated cost center within the General Fund, and then allocated to all funds and cost centers within funds to reflect their allocated share of said costs. This system allows management and

accounting the ability to examine and balance labor, benefit, and large service provider expenditures in total while capturing the fully absorbed cost of each activity in the proper fund/cost center. Allocations are based upon personnel deployment. Costs of a direct nature are charged to their fund/cost center directly (election, law enforcement contract costs, specialized specific contract services, etc.)

The basis of accounting described above represents a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP).

B. Cash and Investments

It is the City of Edgewood's policy to invest funds held long term for emergency or capital reserves. The City policy is to incur low risk in an attempt to reasonably offset inflation thereby maintaining the purchasing power of public funds. The interest on these investments is prorated to the various funds of the City.

All deposits and certificates of deposit are covered by the Federal Deposit Insurance Corporation or the Washington Public Deposit Protection Commission. All investments are insured, registered or held by the City or its agent in the government's name.

C. Capital Assets

Purchases of capital assets are expensed in the year of acquisition. There is no capitalization of assets, nor allocation of depreciation expense. Inventory is expensed when purchased. City assets generally above a dollar cost or useful life threshold identified in the internal administrative and accounting control (IAAC) manual are tracked in spreadsheets, including small and attractive assets issued directly to employees. This is done to ensure adequate controls against theft or misappropriation and to assist in budgeting for timely replacement or repair. This activity is extraneous to the financial statements.

D. Compensated Absences

Vacation leave may be accumulated up to 240 hours and unpaid balances are payable upon separation or retirement. Compensatory time can be accrued up to 40 hours. It is accrued at the rate of 1.5 hours per hour worked. Unused balances are paid upon separation. Payments are recognized as expenditures when paid. Sick leave may be accumulated indefinitely. Upon separation or retirement, employees do not receive payment for unused sick leave.

E. Long-Term Debt

Debt Service

The accompanying Schedule of Liabilities provides more details of the outstanding debt and liabilities of the City and summarizes the City's debt transactions for year ended December 31, 2022.

The debt service requirements for general obligation bonds, revenue bonds, special assessment bonds, and loans including both principal and interest, are as follows:

	General Obligation Bonds	Revenue Bonds	Other Debt	Total Principal Payments
2022	340,253		518,446	\$858,699
2023	349,408		526,821	\$876,228
2024	358,157		535,343	\$893,500
2025	366,493		544,015	\$910,508
2026	374,405		552,840	\$927,245
2027 – 2031	0		2,813,872	\$2,813,872
20232– 2033	0		1,143,071	\$1,143,071
Totals	<u>\$1,788,716</u>	<u>\$0</u>	<u>\$6,634,408</u>	<u>\$8,423,124</u>

Other Debt represents annual principal and interest payments to the Public Works Trust Fund Loans and the LID No.1.

F. Non-spendable, Restricted, Committed and Assigned Portion of Ending Cash and Investments

Beginning and Ending Cash and Investments are reported as non-spendable when they are held in trust on behalf of non-City entity, restricted when they are subject to legislated restrictions for use by either Federal or State Government Legislative Regulation, committed when the local government has “ear-marked” the funds for a specific use but not otherwise restricted, or assigned when it is subject to restrictions on use imposed by external parties or due to internal commitments established by the City Council. When expenditures that meet restrictions are incurred, the City intends to use restricted resources first before using unassigned amounts.
